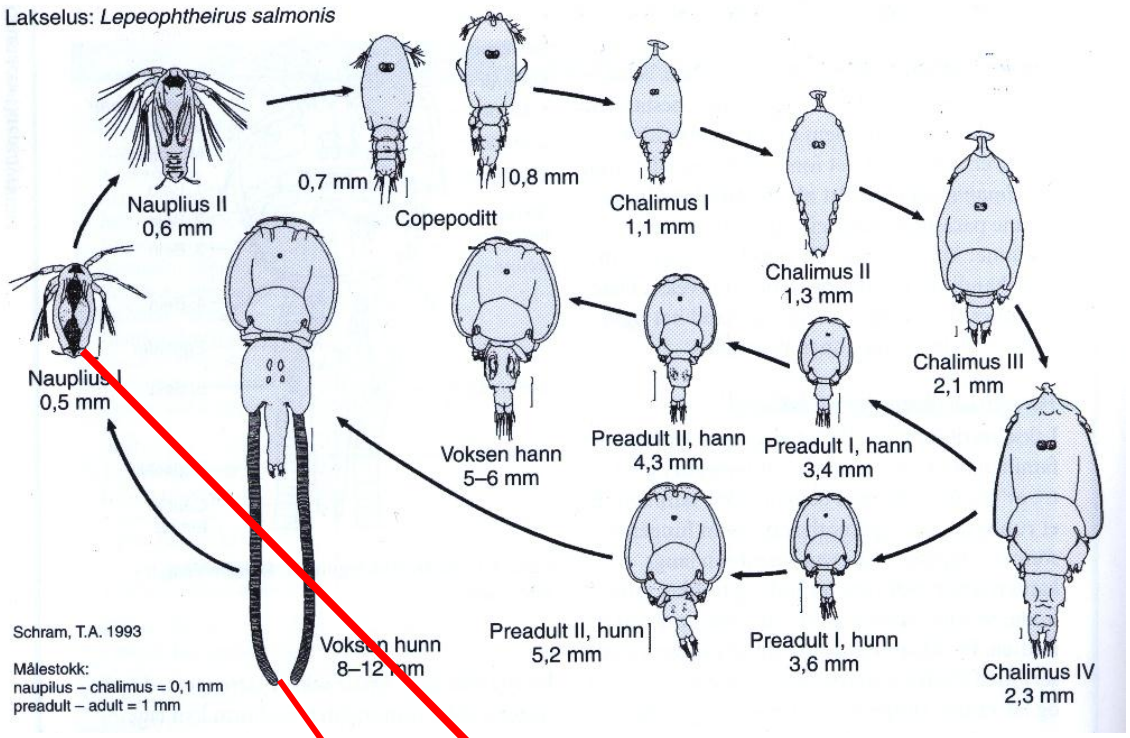
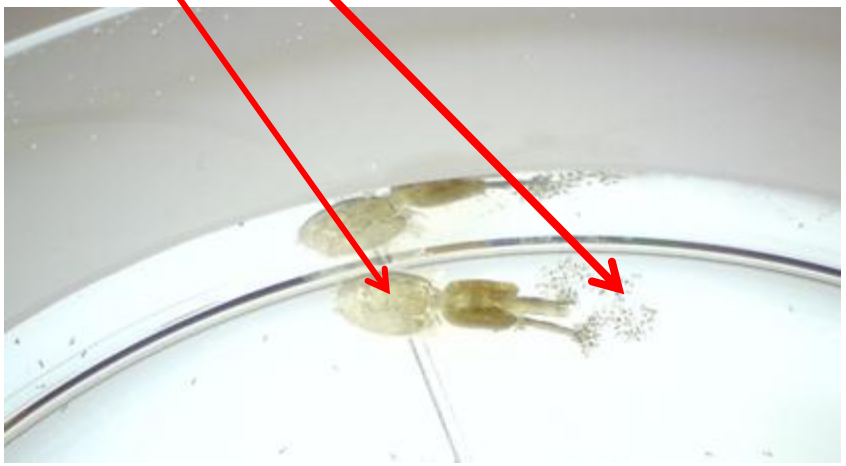
Reinsifiskar

Regin Arge

Fiskaaling





Laksalúsin

Tilpassa eina lívsringrás, har <u>langt</u> kann verða millum vertirnar

Fiskaaling
Aquaculture Research Station of the Faroes

Laksalúsin kann gera stóran skaða á vertin

-Vælferð hjá laksinum kann koma í vanda

Fiskaaling

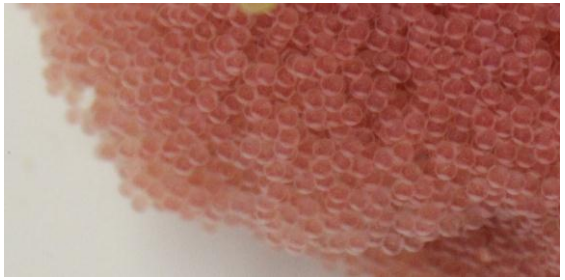
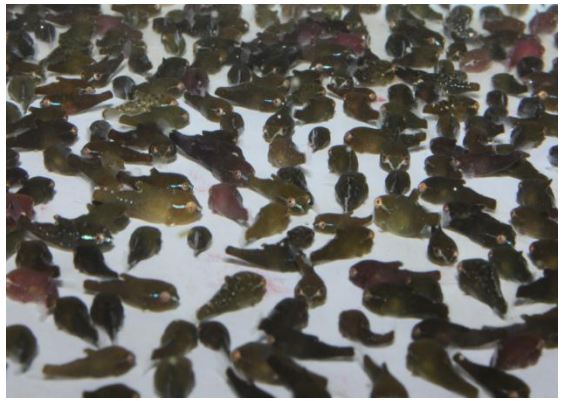
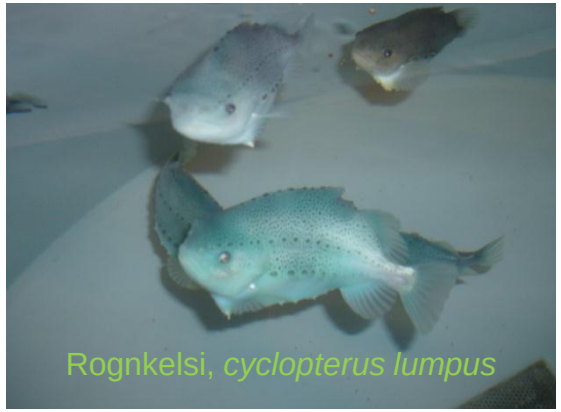
Verkætlanin “Reinsifiskar” 2011→

Endamálið við verkætlanini:

“Gera royndir við ymsum fiskasløgum til lívfrøðiliga niðurberjing av lús á alifiski.”







Aktivitetur higartil:

- Innsavning av villum lívfiski
- Strúking av rognum og sili
- Frysting/goymsla av sili
- Strúking & giting
- Royndarframleiðsla
- Atferðarkanningar
- Avlúsing í smáskala

Fiskaaling
