Trans-national  
cooperation among  
**ICT NCPs**

## What is Ideal-ist?

**Ideal-ist is an international  
ICT support network – active since 1996**

The group of international experts in H2020 ICT projects providing a full range of services and tools to stakeholders everywhere in Europe in your language.

### **Ideal-ist aims at increasing your participation and your success in H2020:**

- offers high expertise in proposal writing and project management
- supports proposers
- connects newcomers and experienced researchers with its unique quality labelled partner search tool
- finds right partners for your project
- interprets the ICT work programme
- provides information services: newsletter, press releases, success story

<http://www.ideal-ist.eu/>

## What can Ideal-ist do for you?

**Supports you:** with your project idea in ICT H2020

**Connects you:** to potential ICT project partners

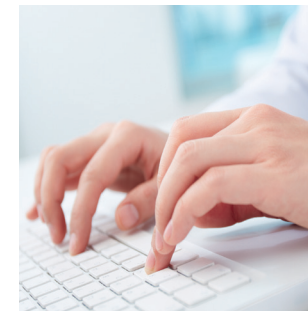

**Informs you:** about H2020 and on ICT calls for proposals

**Assists you:** to register as proposer and launch your own project idea and search partners globally

**Invites you:** to participate in workshops, conferences, info days, brokerage events organized or supported by Ideal-ist partners

**Updates you:** with comprehensive information through web portal about ICT calls for proposals, partner service and events

**Registers you:** to your national mailing list to get particulars on calls, challenges, objectives & partner searches

## How does Ideal-ist find partners for you?

**Step1:** Proposer inserts a new Partner Search(PS) online

**Step2:** PS is checked by the local representative and by the quality team, who grants the PS a Quality Label 

**Step3:** PS is published and distributed to subscribers of national mailing list

**Step4:** Potential partners send Expressions of Interest (Eoi) to the proposers

**Step5:** The proposer replies to Eois and chooses partner(s)

**Step6:** PS is closed and the proposer fills in a feedback form
