frameftir

General information

- Application deadline: 15th February, 12:00 noon
- Available funds:
 - Funds for research: 7.5 MDKK (TBC)
 - Funds for Work Life Research: up to 2.5 MDKK
 - Max. 2/3 of budget funding from the Research Council
 - Funding range: min. 300,000 DKK, max. 1 MDKK, (max. 1.5 MDKK for PhD)
- Funding may be granted for research:
 - carried out by a Faroese researcher, or
 - carried out in cooperation with a Faroese research institute, or
 - considered significant in a Faroese context

Scope – Funds for Research

➤ Bottom-up initiatives:

- Funding may be granted for nearly all research areas
- Yet, preferably related to or expanding present research areas in the Faroe Islands

➤ Funding may be granted for basic and applied research:

- PhD projects
- Projects spanning a minimum of 6 months
- Industrial R&D projects

Scope – Work Life Research

- Projects on work life in the Faroe Islands - must be of gain to the future Faroese labour market.
- Projects may cover the labour market in general, or aspects relating to employees in a certain industry or field of work.
- The research is required to cover either a topic relevant for labour market stakeholders, or other work related areas warranting further investigation.
- Funding may be granted for:
 - PhD projects
 - Projects spanning a minimum of 6 months

Priorities

- 
- A hand is shown placing a red pushpin on a whiteboard. In the background, several other white pushpins are visible, slightly out of focus. The scene is set against a light blue background.
- Advantage is given to projects that strengthen the Faroese research community with:
 - data and lasting knowledge and skills
 - cooperation between various researchers/research entities and/or businesses
 - international cooperation and mobility

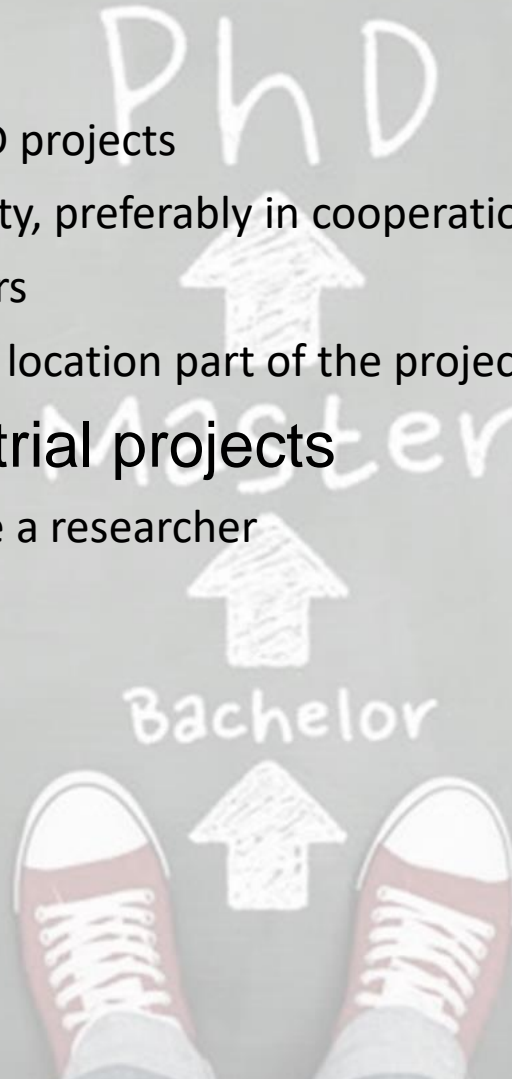

Project types

➤ PhD projects

- Funding for 3 year PhD projects
- Enrollment at University, preferably in cooperation with other institutions
- At least two supervisors
- Research stay at other location part of the project

➤ Postdoc and industrial projects

- Project leader must be a researcher

➤ Adjustments this round

- Provide 3-5 keywords describing the project in order of importance
- Suggest max. 3 peers, who we could ask to evaluate
- Provide details, if a similar application has been submitted before
- Note, that the max. length of enclosed documents is adjusted

➤ *Please consult the Terms of Reference*

Tips for applicants

- **Submit** a (next to) final version of your proposal **several days before the deadline**
- **Do not** edit the proposal in **more than one browser tab/window** at the same time
- **Write the text** for the portal fields in a text editor, **save on your PC**, and copy/paste to the application portal
- **Save** your changes in the portal! Data is saved automatically, but you can also click on save **manually**
- **Name your enclosures** according to **type** (project description, management plan etc.) and with **acronym**
- **Do not encrypt** or **digitally sign** your pdf files
- **Double-check after upload** of files, whether the entire application can be opened without problems and that all files are shown correctly, before you submit the final application.
